

## GROUP GAME - INSTRUCTIONS

Before the meeting starts

- \* arrange to meet all the CDI club members to one central village location, secluded from the rest of the village as to avoid bystanders
- \* Place 400 KW in brown envelopes in notes of 50 KW (these cannot be see through), meaning 400 K per envelop, one envelop per club member.
- \* Place a table or map in the center area. and arrange seating in a circle.

Once all the members are present, ask every individual to introduce themselves to the group by name. Note down who is present and who is not present on the next page. **A minimum of 6 members should be present to play the game.**

Read from the following script: Goodmorning, I am [your name] and I came to this village to learn more about group today. Ask whether anyone would like to say a prayer, if appropriate, and continue: We would like to do a group activity with you. This activity will take about 30 minutes. But before we get started, I'll go around the group and will ask you some information about yourself.

Go around the group and fill in the notation sheet - all columns except for the two last columns. Use the Club Game Matching Number Table to select the column that matches the number of club members present and complete the 'Match Number' - second column. These numbers have been drawn randomly such that the 'Number assigned for the game' is not the same as 'Match number'.

While this information is not secret, keep the conversation with each member at a quiet volume. Keep track of spouses within the group as per notation sheet.

Continue with the script. In this activity you will each receive 400 Kwacha in this white envelop (Hold up a white envelop). Once you receive the 400 Kwacha, we will ask you to make an important decision. You will each divide up the 400 Kwacha in two parts: one part, you will put in your pocket. This part will be yours to keep and you and your family can decide what to do with it. The other part, you will put back into the envelop. You will then place the envelop back onto the table (point to the table). Once we have all made our decision, I will open these envelops and tell you the total amount that is in the envelops. I will then multiply this amount by 2, and place back double onto the table. So if the total amount is 500 Kwacha, I will add 500 Kwacha and place a total of 1000 Kwacha on the table. Then, you - as a group - will have to decide what to do with this money. You can decide to spend it something for the group, or return it to the members. That decision is up to you - as a group - together.

Emphasise the following. The decision you make will be a secret decision. This is your decision and yours only. So I will ask you to go to different corners of the square and divide the money you have in secret, without anyone seeing you. You can decide to put as much or as little as you want into the envelop, so it can be 0 or 400 KW. There is no right or wrong decision. It is just a personal decision. I will also play. (Hold up your own envelop). I will come around the square and record your decision. But it will be only me knowing your decision; I will not share this information with anyone in the village. So your decision is secret. No-one else will know what you decided.

Ask whether there are any question. If not, proceed and hand out the envelops to everyone.

Continue the script: Before you make a decision, I would like to discuss for 5 minutes with the group what you would like to do with the group money, once you receive it.

## GROUP GAME - INSTRUCTIONS - Part 2

Allow the group members to discuss in your absence for 5 minutes.

Return to the group and tell the members to disperse and make their decision. After a few minutes, go around and speak to each member. It is very important that no-one else can hear you, so go further from the others if need be. Ask the individual how much they kept to themselves and note down their contribution to the pot on the next page. Then ask them whether they happen to know their match and how much acreage the match has. Note down this stated acreage on the next page.

Do not pressurize people to make a decision quickly. Give them sufficient time. When everyone is done, ask them to place their envelop on the table. Mix the envelops carefully. Then open the envelops, and take out the funds. Do this quickly and try not to show too much how much is in each envelop. Count the total and announce the total. Then match the total and place the full amount on the table.

Ask: whom should I give this to?

Write down that person's ID

Ask: So what does your group plan to do with this money?

Write down the answer on the next page

Notes:

Sometimes group members might ask what they can do with the money they have: emphasise that this is up to them. They should treat this money as regular normal income.

Sometimes group members might want to know the exact amount they will get before they can discuss what to do. Tell them that you don't know this either, this will depend on what each person will put in, and they should try to discuss nevertheless.
